About Us

ATELIER zwo.7 is located in an old barn in the small village of Krebsow. The university town of Greifswald, 16 km to the west, can be reached by bike plus train in 20 minutes.

We are a colourful mix of professions, experiences and personalities. Together, we run the open workshops for children and adults. In the large studio and the ceramic workplace, we invite people for bookbinding, sewing, printing, painting, theatre and modelling.

There are regular afternoon activities for children, and workshops on specific topics held on weekends for everyone.

We are interested in creative work and lifelong learning that is made possible by our own interests and needs.

We provide

- Free space in the countryside
- Opportunities for your own creative projects
- Accommodation
- Good food from the farm's own vegetable garden and village shop
- A large meadow to relax in
- Curious children
- Participation in events at the location of 'Scheune 27' (cinema, choir, concert, etc.)

We are looking forward to meet you

You will:

- learn many art and craft techniques
- accompany the children and adults in the workshops
- support the children's theatre project that is currently taking place
- prepare the workshops in the studio and conduct them yourself as desired
- get to know the organizational work of the team

accomodation:

- You live in the family house on the farm, where you have your own room.
- You will share the kitchen and bathroom with other volunteers who work on the farm.
- There is a beautiful meadow with large old trees on the farm grounds, which is used by the farm residents.
